STANDING GROUND

TLG DISTRIBUTORS LLC Networking Method may not be approved by most people that is okay with us. The purpose of this type of method is to protect single individuals, groups within the tlG distributors llc connections. This method is NOT BEING USED FOR STOCKING, SCARING PEOPLE, NOR WILL IT EVER BE USED BY Us for that purpose. If you happen to see some of our blogs, posting on our marketing walls etc. and only see questions, funny things, advertising, promoting, marketing, etc. only posted by us with no reply back from other parties we are asking them questions, replying to them, and yes there is someone on the other end. We're not wacko, nuts, losing our minds or pretending to chat to ourselves there is someone there.

After Hour Window Time Is Pending. We have added this feature to the tlG distributors llc contact us page and will read as PENDING through normal business hours and it may indicate : Is Now Open or Is Now Closed, for travelers, appointments etc.

TLG DISTRIBUTORS LLC Has been mixing and displaying different ways to advertise, promote and market website content, approved professional client tagline content and advertising our own text content and designing our own promotional material on line as well as offline.

“Billboard Marketing On Line” with us without the paper, cardboard, crayons, markers, glue, ink supplies without the mess to clean up. Contact us for more information.

TLG DISTRIBUTORS LLC (Fact) has seen our ad content description images change, without consent / permission by us. Which alters, falsifies, misleading literature, that results leading back to us, as poor leadership, unprofessionalism at the same time GOOGLE + YOU JUST SPIT ON YOUR OWN INDUSTRY. YOU BEEN DOING THIS FOR YEARS. Your employees laugh at people when they have a complaint about little issues like this saying, ' GOOGLE + HAS THE BIGGEST BANK ACCOUNT" , My response was why should i or we fight it, will just tag it and let the industry decide where to place ads and text content and when these people lose their jobs don't blame the industry when you can't get a job or even draw unemployment and when GOOGLES + can't receive government or grant money is no longer available. (Blame Yourselves)
